Situation Report Week of Sept. 15 – Sept. 21

To: Nooksack Tribe Community Members

From: Nooksack Pandemic Response Team, Tribal Government & Emergency Management

Subject: Situational Report

Date: September 23, 2020

Nooksack Tribe's Notable COVID-19 Response Accomplishments Sept. 15 - Sept. 21

- The Nooksack government begins randomized COVID testing for 20% of its employees each week.
- Nooksack Pandemic Response Team works on preparation for participation in the COVID-19 vaccine trial in partnership with the University of Washington and the Lummi Nation.
- Mask Packs are mailed to all enrolled Nooksack Youth. These set-of-five washable cloth masks will be arriving soon to all households. No action required for families to receive mask packs.
- The Market Center is finalizing its Pandemic Policy for employees, with guidance from the Nooksack Health Officer.
- Household sanitization supply kits are on hold as some of the items are out of stock or hard to find in quantity for all Nooksack families.
- Social Services reports that Nooksack food vouchers remain consistent each month.
- The General Manager reminds staff and directors to remain diligent with mask use at the office, as it is easy to become comfortable with coworkers and work space.
