ELECTION CANDIDATE RESUME - CONTINUED

Then move forward to a BA in Tribal Governance and Business Management.

Hard work and quick to learn has been the work ethics in our family for many generations. My parents being social workers, grandparents fished and worked on produce farms, they have taught us to never be afraid of a little bit of work. To serve with a good heart and goodness in our heart.

Some of my experiences include Gaming as a Pull Tab Dealer, Bingo Hall Clerk, Paper issue and Control, Table Games Dealer / Dual Rate Supervisor and Surveillance. In the health field, Dental Assistant, Medical Records, CHR / CNA and Medical Billing.

I have learned yet know there is so much more to learn. I will put my steps in forward motion and do my best to not only work for but to work with the people of our Nooksack Tribe.

Respectfully,

Victoria J
