- Operations & Program Management
- Staff Supervision & Training
- Community & Tribal Engagement
- Recreation & Event Planning
- Transportation & Safety Compliance
- Culturally Responsive Programming

My name is Timothy Dean Ollinger, and I am honored to put my name forward as a candidate for Council Position B. I have proudly worked for the Nooksack Indian Tribe for 26 years, dedicating my career to serving our youth, families, and community.

I began my service to the Tribe as a Summer Youth Aide in 1998, gaining a strong foundation in community service and responsibility. Over the years, I advanced through multiple roles and currently serve as Operations Manager for the Nooksack Youth Program. These experiences have provided me with valuable leadership skills and a strong understanding of Tribal programs and operations.

Throughout my career, I have worked closely with youth, parents, staff, and Tribal leadership. I understand the importance of accountability, communication, and culturally grounded programming. My experience has taught me how Tribal systems work, the challenges we face, and the importance of making thoughtful decisions that benefit both current and future generations.

I am committed to serving with integrity, respect, and dedication. I believe in supporting strong programs, investing in our youth, supporting our Elders, and working collaboratively to strengthen our Tribe. I respectfully ask for your support and the opportunity to continue serving our community as Council Member Position B.

Thank you,

A handwritten signature in blue ink, appearing to read "T. D. Ollinger".
